THE HOME RUN ★ *shed* ★

WHEN IT COMES TO WOOD, MATERIALS COUNT.

JDM Catskill Wood Sheds are crafted without compromise of the toughest exterior siding available. Built for economy, over-built for strength with beefed-up lumber. In efficient sizes. It challenges every barn convention and comes beautifully bare - nothing but a primer coat. This is a fully portable barn built in the factory to the tightest specs, with an engineered-in appetite for storage.

**NEW MAX CAPACITY -
FOR WHEN YOU'VE GOT A JOB TO DO.**

Thick 3/4" flooring holds big payloads solidly. Full-length piano hinges and keyed locks give you a security trump card. And those optional aluminum tread plate thresholds? They're almost indestructible. Know that when you have a job to do, you'll be ready to get things done.

FACTORY-BUILT AND READY FOR ★ *delivery* ★

EXCLUSIVELY SMARTSIDE. We use nothing but Louisiana Pacific's top barn siding & floors - termite, water and fungus-resistant. Roofs are built with today's improved OSB - more moisture-resistant and won't buckle.

RENT TO OWN. Renting to own is an easy way to spread your payments out over time. You pay for your barn over three years, all you owe at the time of purchase is a down payment, and it's easy to qualify. Or ask about our other easy-pay financing options.

Hartford, 10'x12'. 4/12 roof pitch. Side door and 24"x36" window.

DOES IT REVOLUTIONIZE STORAGE? INVENT A PLACE FOR EQUIPMENT? MAKE SPACE WORK FOR YOU?

YES, YES & YES.

Catskill sheds merge workhorse construction and no-nonsense purchasing so you can get extra storage and/or work space faster and easier than you may have thought possible. In no time at all, have the perfect tool shed or just start pulling the tractor, off-road vehicles and snowblower in to clear out the garage.

CATSKILL WOOD

DOES IT COST A TON? REQUIRE ASSEMBLY? NEED A CONTRACTOR? **NO, NO & NO.**

Catskill sheds, whether wood or steel, are built efficiently, so you get better quality for less. They are easy to order with only a shape and size to spec plus a few options to consider. Have you ever seen one of these installed? It's amazing, since it's all done in an hour or two.

BUILT AT THE FACTORY, THE WAY TO GO. Panelization at our factory creates stronger, straighter, tighter walls. It wastes less lumber and gets trucked to your site for a fast, easy install. Its consistency, tight tolerances and tough primer coat are better than can typically be built on site.

EXCELLENT VALUE

DESIGNED TO LAST FOREVER. JDM's steel sheds come in two roof shapes and twelve colors, but whatever you spec, they get trucked in and set down ready to use, ready to fill. Fast and no fuss. Delivered already painted with our 40-year, baked-on finish, no rust and no repainting needed.

CHOOSE A SHAPE. Mystic's gambrel roof gives you a taller building with generous loft storage. Hartford's low gable roof maxes out floor space per dollar.

Mystic, 10'x20'. 66" side doors and 24"x36" windows.
Charcoal siding, Black roof.

Hartford, 10'x12'. 4/12 roof pitch. Side doors and 24"x36" window. Rustic Red siding, Galvanized roof.

BUILT TOUGH. Steel roofing, siding and trim are maintenance-free. R7 vapor barrier insulation means virtually no chance of moisture damage. Pressure-treated floor joists and skids prevent rotting. All backed by a 5-year warranty.

A PERFECT FIT. Whichever style you choose - Mystic or Hartford - it's available in up to 45 different sizes with options of additional single or double doors, one or more aluminum windows, single or multiple 24" -deep lofts, ramps and an upgrade to 12" OC floor joists if you need more load-bearing capacity.

LOW MONTHLY PAYMENTS AVAILABLE. Our Rent-to-Own payment plans let you spread payments out over time, so all you owe at the time of purchase is a down payment. Several other financing options are available, just ask!
