Hello!

We are LuxCraft, makers of fine outdoor products, and we're pleased to meet you!

Founded in 1990, LuxCraft began as a small business in the corner of a barn, exclusively manufacturing outdoor wood furniture. In the years that followed, as LuxCraft's product line expanded to include outdoor structures and poly furniture, our facilities and dealer base grew. Flash forward to present day, and you'll find our product being made in a 56,000-square-foot shop before being distributed to hundreds of dealers throughout the U.S. and Canada.

Though LuxCraft is now operating on a much larger scale, employing 63 people instead of two, our core values remain the same. Each transaction is handled with integrity and focus on customer service. We build our products with emphasis on durability and longevity, then price it accordingly. Best of all, LuxCraft products are made right here in America (Ohio to be exact). So your purchase not only improves your outdoor space, it boosts the economy as well.

The LuxCraft Difference

The difference is in the details. Learn more about what drives LuxCraft Poly to be the best.

Quality

Quality is our highest priority, and it shows in the furniture we handcraft for you. We're constantly reevaluating product designs to ensure you're receiving nothing but the best.

Lifetime Warranty

LuxCraft furniture comes with a limited lifetime warranty on residential use or a 5-year limited warranty on commercial use covering any defective product or part. All you need to do is sit back, relax, and enjoy your new backyard oasis.

Customer Service

Our customer service and sales team is always on-hand to answer questions or assist with orders. We believe the key to good business is a personal relationship with customers, and we strive to achieve that with every interaction.

Attention to Detail

Our craftsmen don't cut corners when it comes to building furniture. We reinforce our swings, gliders, and benches with aluminum angle braces. Poly glider arms are used for a stronger, smoother glide, and we make our own heavy-duty swivels.

Made in the USA

LuxCraft products are made right here in America (Ohio to be exact) by skilled craftsmen in our 56,000-square-foot shop. Each product is handcrafted and inspected before it's allowed to leave the shop.

Immediate Availability

With 120,000 square feet of warehouse space, we stock over 30,000 items for immediate pickup or shipment year round. Time is precious; why spend it waiting? At LuxCraft, we work hard to anticipate what you need before you need it.

What is LuxCraft Poly?

Explore how our products are built to withstand the elements.

Environmentally Friendly

LuxCraft Poly is made of High Density Polyethylene (HDPE), a recyclable plastic derived from post-industrial waste such as milk and detergent bottles. This material is cleaned in a decontamination process to a **purity level of over 99% HDPE**, then compounded into solid board stock material. The resulting product **contains over 90% recycled post-industrial waste** by weight.

Essentially Maintenance-Free

Requires no waterproofing, staining, or similar recurring maintenance other than an occasional washing with soap and water or our **Poly Furniture Cleaning Kit**.

Exceptionally Fade-Resistant

We use **only high color stability UV pigment systems**, which minimize material breakdown from prolonged sun and weather exposure.

Durable and Long-Lasting

LuxCraft Poly is exceptionally resistant to **moisture, insects, splintering, warping**, and other hazards of environmental exposure common to wood or wood fiber composite products.

Assembled with Stainless Steel Fasteners

All LuxCraft products are assembled with **316-grade stainless steel hardware** for optimum durability. Stainless steel is corrosion and stain resistant, which ensures its brilliant shine will last for years with very little maintenance.

Be sure to look for the LuxCraft logo plate on all our furniture!

LuxCraft Poly Colors

Our maintenance-free poly furniture is made in 33 colors. Be sure to check each item for individual stock colors. Most items are available in non-stock colors for an upcharge. Colors are shown to the best of our ability, but due to photographic lighting and limitations in printing, actual product colors may vary slightly from those shown on the next page.

Caring for Poly Furniture

LuxCraft Poly Furniture is made from High Density Polyethylene (HDPE). It never requires painting or staining and will not splinter or rot. It is also not affected by most corrosive substances. In order to maintain the beauty of your furniture, we recommend the following care tips:

- Clean with LuxCraft Poly Brite cleaner and rinse with warm water monthly (some colors such as white require more frequent cleanings). For certain stains it may be necessary to scrub with a soft bristle brush.
- Fasteners are 316-grade stainless steel and, although this is a premium grade, it is still susceptible to corrosion in extreme conditions (e.g. coastal areas with continuous exposure to salt water). In those conditions, it is recommended to rinse the furniture weekly with fresh water and wipe the hardware with a soft cloth.
- Do not place hot items on the furniture as this could potentially melt the material.
- Certain flower pots or containers left on the furniture over an extended period of time could cause staining.

By following these simple steps, you will enjoy the beauty and comfort of your LuxCraft Poly Furniture for many years!

Items with this symbol are available to drop ship via truck.

Warranty Information

LuxCraft products have a limited lifetime warranty on residential use or five (5) years on commercial use.

The warranty is effective starting on the date of purchase. At its option, LuxCraft will repair or replace the product without charge, providing our inspection indicates that an original defect exists. Should LuxCraft choose to replace the product, and the product is no longer available at the time warranty service is required, a substitution of similar performance and equal or greater value will be made. The poly material used in LuxCraft has UV stabilizers compounded into them making them resistant, but not impervious, to fading. Change in color or staining caused by sunlight or other foreign substances is not covered under this warranty. Some expansion and contraction is to be expected during changes in humidity and temperature. The foregoing shall not be considered defects in materials or workmanship and are not covered under this warranty. Stainless steel fasteners are warranted not to fail structurally for the applicable warranty period. Stainless steel may rust in certain extreme conditions (such as coastal areas) if not maintained. Polyethylene is a synthetic product and may scratch. This warranty also does not cover scratching of polyethylene.

Cushions are warranted to be free of original defects in workmanship and material for a period of one (1) year of residential use and are not warranted for commercial use. Compression of cushions shall not be considered a defect in materials and workmanship and are not covered under this warranty.

Your claim must explain the nature of the original defect and include your name, address, and telephone number. In the event of a non-warranty repair, you will receive a written estimate prior to any repair work being performed. This warranty gives you specific legal rights, and you may have other rights which vary from state to state. As defined by federal law, this is a limited warranty.

FOR AN OFFICIAL COPY OF THE WARRANTY, PLEASE CONTACT LUXCRAFT CUSTOMER SERVICE.

GO WITH THE FLOW

Create a private escape or a comfortable place for the whole family to relax with LuxCraft swings. Featuring timeless, elegant designs, these products use durable materials and reliable construction to deliver a lifetime of comfort.

5' Adirondack Swing

The iconic Adirondack design conjures up camping trips, lakeside cottages, and woodland lodges. Its recognizable shape, famous for both comfort and style, will be a welcome addition to any place you entertain guests or relax with family. The 5' option comes standard with a flip down center console, perfect for holding your book or iced tea. When you're ready to seat three, a metal locking pin keeps the center console raised.

5' Plain Glider

Whether you're enjoying the quiet sunrise or watching family fireworks on the Fourth of July, savor the moment from the comfort of our Plain Glider. The 5' option comes standard with a flip down center console with room for drinks, snacks or your bird-watching binoculars. When the console is folded up, the glider seats three comfortably.
